

Day 9: Star Schema & Dimensional Modeling

> **Definition to Remember**

> A **Star Schema** (contains

1. Fact Tables vs Dimension Tables

| Feature | Fact Table | Dimension Table |

| :--- | :--- |

2. Star Schema vs Snowflake Schema

STAR SCHEMA

SNOWFLAKE SCHEMA (Normalized dimensions sub-tables):

[Dim_01] [Dim_02]

3. The Dedicated Date Dimension Table ('Dim_Date')

- Mandatory for all Power BI models to support accurate DAX Time Intelligence.

- Must be a dimension table

> **Must-Master Skills & Interview Points**

> 1. Why is a dedicated Date Dimension table required in a Star Schema for Time Intelligence?

> **Quick Recall**

> `Dim\_Date` table is mandatory for Time Intelligence in Power BI.
